**BUILDING EXCELLENCE
FROM START TO FINISH**

QUALITY

"We oversee every detail of each project."
---Doug McDonald

BUILDING EXCELLENCE design & build

McDonalds' Design & Build, Inc. is the single source for comprehensive construction services. From start to finish, our design team consults with clients to determine design goals, location concerns and expansion needs. Employing the latest technology, such as computer-aided drafting and design (CADD), an appealing design is produced to exact specifications and carried to completion by our veteran construction team.

CRAFTSMANSHIP

a TRADITION of craftsmanship

In 1946, Paul McDonald and three skilled craftsmen began a construction company to build much needed homes and gas stations in Defiance, Ohio. By the mid-1950's, Paul's younger brother, Raymond, had joined the family business. Today, Raymond McDonald's three sons, Kevin, Doug, Scott and daughter Ann, carry on a family tradition of honesty, integrity and quality workmanship.

COMMITMENT to service

We manage all of the details from the onset, so we can respond quickly and effectively to industry changes, maximizing savings for our clients.

McDonalds' Design & Build, Inc. is one of the first builders in the country involved in the process of ISO 9000 certification--setting a standard in the construction industry.

Some of the uniquely designed commercial and industrial landmarks built by McDonalds' Design & Build, Inc. include: K of C Hall, Chief Market Square, Koester Corp., Northwest Controls, the Ohio Department of Transportation building, McDonald Professional Center and Defiance Metal Products in four states.

Dr. Darryl Mathewson, Optometrist, Defiance, OH

a COMMITMENT to quality

The quality of our work is demonstrated in our attention to detail. On or off site, McDonalds' Design & Build, Inc. stands behind every phase of the construction process. Large scale contracting is our specialty. We maintain a variety of reliable resources to aid in every aspect of a building project and we are strongly committed to using directly employed staff wherever possible.
